

PUBLIC LECTURE

Japan and Kenya are geographically distant from each other, and there is a widespread perception of significant cultural differences between them. However, upon closer examination, surprising similarities emerge. Drawing from over a decade of anthropological research in Kenyan Maasai society, I aim to bridge the perceived psychological gap between these two distinct cultures.

CROSS-CULTURAL STUDIES: UNVEILING SHARED PATTERNS BETWEEN JAPANESE & AFRICAN CULTURES

Dr. Manami Hayashi

Postdoctoral Researcher at USIU-Africa
and Japan Society for the Promotion of
Science (JSPS)
