統計

The book cover features a vibrant green background with a white grid pattern. At the top, a white world map is centered above two bell-shaped curves. On the left, a small figure of a person in a blue cap and white shirt stands on a white path, looking at a laptop. The central focus is the large, bold Japanese characters '統計' (Statistics). To the right, there are several statistical charts: a bar chart with yellow and white bars, a pie chart, and a line graph. At the bottom, there are icons representing a group of people, a bar chart, and a line graph.
