

Poznań, 23.07.2021

prof. Yasuyuki Saegusa
Emeritus Professor of Sojo University,
Japan

Dear Professor Saegusa,

On September 23 - 26, 2021, the 2nd International Art Meetings - Trzebiatów 2021 - will be held at the Trzebiatów Cultural Center - devoted to the problem of the boundaries between painting and performative activities.

I would be very honoured if you would like to accept the invitation to participate in this project. The project will be implemented by the Faculty of Painting and Drawing at the Magdalena Abakanowicz University of Arts in Poznań, with the help of the Trzebiatów Cultural Center.

Outstanding artists from Polish and foreign art academies were invited to participate in this meeting.

You are invited to present your own work in the form of a live presentation or a lecture and electronic presentation during the International Art Meetings - Trzebiatów 2020.

The presentation should last 30-45 minutes.

The Professor's speech will certainly raise the rank of this event.

Being aware of the current pandemic situation, we assume the possibility of participating in this event online.

We will present you the detailed schedule of the event soon.
